

**01B2SE Capacity 200 kg**  
Adjustable Speed

## 01B2SE / 01B5SE 360° SWIVEL ELECTRIC CRANES POWER BOOM

**01B5SE Capacity 500 kg**  
Adjustable Speed

Mod. **01B2SE/01B5SE** are heavy-duty electric lifting cranes (built-in ballast weights) with a **360°** revolving jib, suitable for lifting load up to **500 kg** in line with international safety standards.

Equipped with a 4 function electric distributor for jib lifting/lowering/extension and retraction.

Lowering occurs in off mode.

Speed is adjustable in all motions of the jib, for very precise placements.

Cranes are fitted with traction battery and battery charger.

Small frontal dimension of **995 mm** allows to operate in narrow spaces.

Optional extension jib is available to increase outreach up to **1330 mm**.

### Equipped with 4-function distributor:

- jib lifting,
- jib lowering,
- jib extension,
- jib retraction.

### Technical data

	UM	01B2SE	01B5SE
<b>Weight</b>	[kg]	445	645
<b>Max capacity</b>	[kg]	200	500
<b>Max pressure</b>	[Bar]	100	160
<b>Power</b>	[W]	300	300
<b>Tank capacity</b>	[L]	1,5	1,5

### Cylinder

Stroke	Ø	Ø Stem
[mm]	[mm]	[mm]
470	60	40

### Outreach and capacity with standard jib

Position	Lenght	Capacity	
		01B2SE	01B5SE
	[mm]	[kg]	
-	485 ~ 885	200~130	500~320

### Outreach and capacity with extension jib

Position	Lenght	Capacity	
		01B2SE	01B5SE
	[mm]	[kg]	
-	930 ~ 1330	92~71	220~160

**N° 1 battery (traction type)** [V] 12  
[A] 80

**Battery charger** [V] 220  
[A] 12

High frequency battery charger, switching technology with noise filter, compliant with EMC regulation
