smart vacuum lifters

Model
VA8 BP

Vacuum glass lifter

 Kg max
800

AIR Power supply
Compressed Air

The model V84 BP is a **vacuum glass lifter specific for indoor use**, with eight suction pads d. 310 mm, compressed air powered with lifting capacity 800Kg. The pads are replaceable along the arms; and the arms are replaceable along the **central beam, which is long 2500 mm**.

Thank to its pneumatic cylinders the lifter features **powered 0 – 90° tilt**, controlled by a joystick on the lifter's handle. Equipped with an audio-visual alarm unit that warns the operator about possible dangerous situations. The vacuum gauge with coloured scale allows constant control of the vacuum level reached. Present a **filtering system** for dust and condensation.

Pneumatic tilt 0-90°

Capacity max 800kg
